Table 2. Examples of bacterial foodborne disease outbreaks linked to contaminated pasteurized dairy products in the United States, 1966-2007.

					Suspected	
Year	Pathogen	No. Ill	State	Location	Vehicle	Reference*
	Shigella				Milk, post-	
1966	flexneri	97	Florida	Community	pasteurization	CDC, 1966
	Salmonella			Military	Milk,	
1975	Newport	49	Louisiana	base/community	unknown	CDC, 1975
	Yersinia				Milk, post-	Black et al,
1976	enterocolitica	38	New York	School	pasteurization	1978
	Salmonella				Milk, post-	
1978	Typhyimurium	23	Arizona	Community	pasteurization	CDC, 1979
	Yersinia				Milk,	Tacket et
1982	enterocolitica	172	Multiple	Community	unknown	al, 1984
	Listeria				Milk,	Fleming et
1983	monocytogenes	49	Massachusetts	Community	unknown	al, 1985
					Milk,	
	Salmonella				inadequate	
1984	Typhimurium	16	Kentucky	Convent	pasteurization	CDC, 1984
	Salmonella				Milk, post-	Ryan et al,
1985	Typhimurium-	>150,000	Illinois	Community	pasteurization	1987
	MDR**			-		
					Milk,	
	Campylobacter				inadequate	Birkhead et
1986	jejuni	33	Vermont	School	pasteurization	al, 1988
	Listeria				Milk, post-	Dalton et
1994	monocytogenes	45	Illinois	Picnic	pasteurization	al, 1997
					Ice cream,	
					cross-	
	Salmonella				contamination	Hennessy
1994	Enteritidis	224,000	Multiple	Community	(raw eggs)	et al, 1996
	Yersinia				Milk, post-	Ackers et
1995	enterocolitica	10	Multiple	Community	pasteurization	al, 2000
	Salmonella				Milk, post-	Olsen et al,
2000	Typhimurium-	93	Multiple	Community	pasteurization	2004
	MDR**					
	Salmonella				Milk,	
2002	Typhimurium	116	Wyoming	School	unspecified	
	Salmonella				Milk,	
2004	Newport-	100	California	Unspecified	unspecified	
	MDR**					
				Correctional	Milk, post-	
2005	Campylobacter	200	Colorado	facility	pasteurization	
	jejuni					

			a		Suspected	T 0
Year	Pathogen	No. III	State	Location	Vehicle	Reference*
	Staphylococcus				Powdered	
2006	aureus			Correctional	milk,	
	enterotoxin	36	Michigan	facility	unspecified	
				Correctional		
	Campylobacter			facilities	Milk, post-	Jay et al,
2006	jejuni	1,644	California	(multiple)	pasteurization	2007
	Listeria				Cheese,	
2006	monocytogenes	3	Oregon	Private home	unspecified	
	Listeria	5 (3			Milk, post-	
2007	monocytogenes	deaths)	Massachusetts	Private home	pasteurization	CDC, 2008
					Shredded	
	Salmonella				cheese,	
2007	Montevideo	20	Multiple	Private home	unspecified	

<sup>\*</sup>Unpublished data was acquired after 2000 from the CDC annual surveillance reports at <a href="http://www.cdc.gov/foodborneoutbreaks/outbreak\_data.htm">http://www.cdc.gov/foodborneoutbreaks/outbreak\_data.htm</a> or the CSPI Outbreak Alter! database at <a href="http://www.cspinet.org/foodsafety/outbreak/pathogen.php">http://www.cspinet.org/foodsafety/outbreak/pathogen.php</a>

<sup>\*\*</sup>MDR = multidrug resistant
